## HFLA Sponsorship FAQ

- **Mission:** Our mission at Hebrew Free Loan Association (HFLA) is to ensure that all members of our community have access to financial support.
- **What We Do:** HFLA provides interest-free loans and scholarships for Jewish individuals across Washington State.
- **More of What We Do:** HFLA loans cover a wide range of circumstances, such as family emergencies, medical and dental bills, rent and mortgage payments, tuition assistance, car payments and life-cycle events. With HFLA's help borrowers can overcome unexpected life emergencies: obtain the health care they need, maintain a roof over their heads, improve their job prospects, ensure they have transportation, and pay for the basic services and utilities most of us take for granted.
- **Do They Repay:** We create customized repayment plans and individuals only repay the amount they borrowed. We don't charge any fees or interest on our loans which leads to a 97% repayment rate.
- **No other like HFLA in the State:** HFLA is the only financial services nonprofit in Washington that makes loans free of interest and free of any charges. We customize repayment to the circumstances of each individual borrower.
- **An Extension of Your Company Values:** An HFLA Sponsorship will extend the reach of your company's values into the community, enhancing and strengthening the social and economic community across the state.
- **Redress Economic Inequality:** Your support will allow HFLA to redress economic inequalities in our community by helping individuals meet their basic needs and make college more affordable.

## Testimonials Donor and Borrowers

- **From a Donor:** Helping others to help themselves through their own creative efforts has strong appeal.
- **Borrower - Real Estate Agent:** I am a busy real estate broker and am active in several wonderful Jewish organizations in the greater Seattle area. HFLA holds a special place in my heart. Not only am I a supporter because I believe in the mission, but also because I was a needy recipient 20 years ago. HFLA was there when I was a single mother needing extra help to keep a roof over my children's head and food on the table.
- **Borrower - Young Adult:** I come from a mixed working class/lower-middle class family without assets to rely on. I have over \$100K in student loan debt. Since moving to Seattle 2.5 years ago, the cost of living and increased health expenses have depleted my funds. I couldn't make ends meet, and the HFLA loan has crucially helped me cover rent and basic living costs.
- **Borrower - King County employee:** I have received two loans from HFLA. My first loan paid for some major dental work, and it also helped me recover financially from a family hardship. My current loan is for some overdue home renovation and paying off medical bills.
